

## PREMIUM OFFICE SPACE FOR SUBLET IN VICTORIA'S WESTSHORE

A mental health practice office at the Coastal Offices Colwood complex at #132-328 Wale Road is available for sublet starting July 1, 2024. The spacious, air-conditioned office has a large window allowing natural light; it is tastefully furnished with a desk, new couch and armchairs and has ample space for individual and couples counselling sessions. The communal reception area includes comfortable client seating and an electronic directory to which the subletting mental health practitioner's name can be added. Other amenities included are a community kitchen with a fridge and free coffee or tea, high-speed internet access, a photocopier, and ample free parking. I am seeking a psychologist, counsellor, social worker, psychiatrist, or other mental health professional who is licensed/registered to practice in BC and holds current professional liability insurance. A six-month commitment is required, and a one-year sublet lease is preferred.
